From short beginner resources to in-depth features on each type of building, we've got it here. We've also developed a Garrison Timer App on Android and iOS - the latest version integrates with an in-game QR code generator so you can scan your missions instead of inputting them manually! Our Garrison database covers:

- Buildings:** browse buildings by image, and see all related items, achievements, quests, and more on building pages as well as their costs and work order totals
- Followers:** browse Alliance and Horde versions of followers, filter by their source, and view them in our 3D model viewer
- Follower Abilities:** Search for abilities that offer mission or profession buffs, or counter a particular type of mission threat
- Missions:** Look up all the missions and their rewards, and see what followers counter which threats using our calculator option on each individual mission page
- Work Orders:** See all the Work Orders associated for each building, their reagents, yield, and the follower ability that can enhance them

All of the above types of data also come with Wowhead tooltips! We put together a really brief summary of Garrison buildings, their costs, and what you might like to build for different playstyles and Garrisons. Followers can be thought of as garrison companion pets with a twist. We've broken down buildings by different types of popular content - pets, mounts, transmog, raiding, titles, pvp, toys - so you can build what's most fun for you. We also have specific guides to Garrison Mounts, Toys, Pets, and Raid-Related Buildings. View this Guide Garrison Outposts offer special zone-wide perks and questchains that reward followers and currency to buy higher-level Garrison blueprints. Learn about the different types of outposts and rewards in each zone with our guide. View this Guide Warlords of Draenor introduces followers to World of Warcraft along with the garrison. We has a general vision of all special buildings if you are not sure what to build, and if you want to learn more about a particular building, check out the guides below: Tent Fishing Herb Garden Menagerie Mineview This guide learns more about the synergy between the garrison buildings and professionals, as well as what items you can / can not handle with only a building and no professions. See this guide just interested in buildings to help with Invasions, pets, or even transmog? Top Level Buildings allow you to queue more requests from once. Say which items come from each building orders, as well as followers who can increase your production orders production. View this Guide Invasions of trim are weekly missions that allow you to defeat enemies. See this guide our Garrison calculator, launched for the first time at the beginning of Warlords Alpha, helps you plan your Alliance or Garrison Horde with the buildings you want. It shows construct perks, any design or conquest requirements and cost of garnitment / gold resources. See this guide for a more advanced vision of every aspect of your garrison, check out our general vision of the garnitment. They have sets of unique skills and can be leveled at the level 100 as the player; On the maximum level, item levels are unlocked for followers. Rewards to complete gold include 645 ILVL gear and several assemblies. See this guide monuments of the trim are a method of personalizing your garrison in Draenor war lords. This is not to be an exhausting guide, as we have seen from these! We divided the premises into four categories: raiding and gear, professionals and handicrafts, utility and leveling and collection. The higher the best quality! Review our screen capture guidelines before sending!
